4. You may establish an overall limit on your winnings **ON THE MAIL-BID SECTION ONLY** by indicating your limit in the proper space on your bid sheet.
5. All invoices will be shipped with lots enclosed and are payable within 7 days of receipt. Returns must be made within this period. We attempt to use strict numismatic standards in our grading and to note defects, which in our professional judgment, affect the value of the item. However, we do make mistakes and will accept returns when we are in error. On the other hand, capricious returns will not be tolerated.
6. Postage and insurance will be added to all invoices and paid by the bidder. We ship most lots via UPS unless instructed differently. Bidders on the heavier medallic items who use Post Office boxes are urged to give us their street address for UPS delivery. UPS charges are often half that of the Postal Service.

Subscription to our next six Token and Medal Auctions with prices realized 3.00 _____

The catalogue which you have in hand cost us well over \$1.00 to prepare and mail. We ask that you share only a portion of this cost, if nothing more than to indicate that you are seriously interested in receiving it. This nominal fee is less than what many dealers ask for a copy of their prices realized list alone. If you have already subscribed, your subscription has two more issues to run.

We are one of the principals in HISTORICANA, a mail auction sale primarily composed of political Americana; buttons, tokens, ribbons, poster, etc. We have recently expanded this sale to include World's Fair and advertising collectibles. If you wish to receive a complimentary copy of this catalogue, check the box _____

CONSIGNMENTS WANTED FOR FUTURE AUCTIONS

We are always in the need for quality material. Of course, we are more than willing to purchase your material, but if you would rather go the auction route, there is no better place than PRESIDENTIAL. Our consignment fee is 20%. Settlement is made promptly 30 days after the close of the sale. Please write first with a description of the items you wish to consign. If you wish to sell outright, just ship for our fair offer. Your postage will be refunded if our offer is refused.

TRANSPORTATION TOKENS

Attributions according to Atwood's Catalogue and Supplement available from us for \$12.00 and \$7.50.

MERCHANT TOKEN collectors should look over this listing carefully as there are a number of rare pieces here that are also listed by Adams and Miller.

The following 17 Maryland transportation tokens are from the Fuld collection. This is the only time to our knowledge that an entire set of Maryland Census tokens has ever been assembled or offered for sale. The serious collector is urged to bid high for the great rarities included here as it will probably be many years, if ever, that they will be available again.

One of the earliest of Furst’s medals. The first record we can find of it was in the 1864 McCoy Sale where it was described as “unique” and brought the princely sum of \$19.00. We also found a later listing of a VF specimen in the 1882 Bushnell Sale with the comment that 4 examples were known. The instant piece is a choice bright AU. 34mm. Indeed worthy of a premium bid. **PLATE**

318. **RARE AND UNUSUAL LINCOLN PLAQUE BY VICTOR D. BRENNER.**
This is Brenner’s famous portrait of Lincoln that was later used for the Lincoln Penny. This plaque differs from other similar ones discovered in that a rope border has been added to it. The inner portion is identical to King 1146 and includes the Brenner monogram with 1907 below. Along the right hand side is COPYRIGHT 1907 V.D. BRENNER.

The reverse of the plaque does not have the usual easel stand. Instead, three clasps have been affixed for hanging. No foundry numbers are visible.

This piece was lately purchased from Pollock Galleries in New York City and its finish was in disreputable condition. It has subsequently been refinished professionally and is now a pleasing brown color. Overall AU. Should bring \$300+. **PLATE**
319. **RARE UNLISTED McCLELLAN POLITICAL CAMPAIGN MEDAL.**
Military bust l. GEORGE B. McCLELLAN above. below in small letters ENTERED ACCORDING TO THE ACT OF CONGRESS IN THE YEAR 1864 BY S.H.BLACK etc. Rx. THE UNION AND THE CONSTITUTION/TO BE PRESERVED/NO MORE/ ARBITRARY ARRESTS/A CESSATION/OF/HOSTILITIES/AND/A CONVENTION OF STATES/ WITH’A VIEW TO PEACE/AND RE-UNION. Below

in six lines is a quotation from a report by McClellan 64mm copper plated electrotype.

This is an extremely rare medal, unlisted by DeWitt even though obviously of a campaign nature. We have found it listed in two early auction catalogues, both of which describe it as an electrotype. This, coupled with the fact that it is the product of S.H.Black, who was an electrotyper, leads us to the conclusion that the medal exists only in electrotype form. A pleasing AU. Should bring a premium price. **PLATE**

A quick glance at the plate showing the following 21 lots will immediately reveal to the avid inaugural collector that we have reproduced one of the color plates in MacNeil's THE PRESIDENT'S MEDAL 1789-1977. These lots are the very same pieces pictured in this plate. We will offer them separately and then will offer the group as an entity with the bidding to start at 10% over the cumulative high bids of the 21 lots. ISSUES OF ALFRED ROBINSON

Alfred Robinson of Hartford, Ct. was a young numismatist at the time of the Civil War. He became caught up in the beehive of numismatic activity during the war years and, like a number of his brethren published a number of struck copies of American rare coins and historical medlets and tokens. The pieces following were all done by George Lovett for Robinson and were of quite limited issue.

384. Robert Fulton Medlet. The 2nd in Robinson's Historical Series. Bust of Fulton to half left. Rx. STEAM NAVIGATION/WAS FIRST ESTABLISHED IN THE/UNITED STATES/ON THE/HUDSON RIVER/ 1807. ctr. a steamboat enclosed by 13 stars. 35mm Copper Unc. 50 struck.
385. Andrew Jackson Medlet. The 3rd in the Historical Series, struck in 1862. OLD HICKORY TOOK THE RESPONSIBILITY encircling bust of Jackson to r. Rx 14 line legend giving biography. Copper 35mm Unc. 100 struck.
386. Same in white metal. Toned Unc. 50 struck.
387. Martin Van Buren Medlet. 5th in the Historical Series. MARTIN VAN BUREN THE FEARLESS DEMOCRAT enclosing bust to l. Rx. 12 line inscription giving biography. Choice toned white metal AU. 50 struck.

Attributions according to R.W.Julian's MEDALS OF THE UNITED STATES MINT, THE FIRST CENTURY 1792-1892. available from us for \$37.50. This book is a must for your library!!!

All of the following medals have an early chocolate or mahogany finish.

405. IP-36. James Buchanan Indian Peace Medal. XF/AU. A few small obv. spots.
406. IP-40. Andrew Johnson Indian Peace Medal. AU. Some speckled spotting.
407. PR-17. 1891 Grant Birthday Medal. AU. A few minor spots.
408. PR-20. Garfield Presidential Series medal. Struck only for a few years until the reverse was replaced by the one currently in use. Choice AU. Just a hint of friction.

410. PR-Unlisted. Obverse identical to PR-44 (including B on truncation of neck). Rx. Same inscription except that the Garfield name is not present. The wreath is also slightly different. Silver proof AU. This medlet is probably quite rare. My speculation is that only a limited number were made before somebody complained that Garfield's name was nowhere to be seen. PR-44 was probably then made to correct this fault. **PLATE**
411. MI-21. Governor Isaac Shelby. War of 1812 medal. **STRUCK IN WHITE METAL** and thus excessively rare. A choice bright AU with some handling marks on this soft surface. Should bring \$200. **PLATE**

425. LS-4. Coast Survey Life Savings Medal. Bronzed AU.
426. LS-9. Treasury Department Life Saving Medal First Class. **HOWEVER THIS MEDAL IS 23mm RATHER THAN 44mm.** Julian mentions the 33mm reduction of this medal in gold but makes no mention of this 23mm bronzed specimen. Perhaps it was a trial piece. In any event, it must be quite rare and should be of particular interest to the specialist. Nice AU.
427. LS-12. Captains Creighton, Low & Stouffer. City of Philadelphia Medal. The Mint production records of this medal are ambiguous in that sometimes the records do not specify if the medal produced was LS-11, the Congressional medal, or LS-12, The Philadelphia Medal. In any event, according to the Julian appendix, at least 38 of these medals were minted with a maximum mintage of 62. Choice Unc. **PLATE**

435. ALGERNON SYDNEY SULLIVAN MEDAL. J.E. Roine', Sc. Obv. Bust of Sullivan. Rx. Allegorical scene of old man helping a young boy hold the light of learning. The medal is encased in a 70 page presentation book giving a history of the medal and a biography of Sullivan.

An historical puzzle is presented here. Adelson states in his history of the ANS that "... by 1929 it was apparent that the award would never made." However, the presentation book on page 9 states "The Algernon Sydney Sullivan Medal is issued and presented by the American Numismatic Society as the successor, in this matter, to the Algernon Sydney Sullivan Memorial Committee." This would indicate that the medal is an official issue of the Society. Bronze 90x61mm Unc. **PLATE**

TAMS ELECTIONS

We will now pause for a brief political announcement.

I earnestly solicit your vote for my re-election to the Board of Governors of The Token and Medal Society.

For those of you who do not know me, a brief biographical sketch is in order. I am 37 years old, Gail's husband and Erika's father. I hold the B.S., M.B.A., LL.B. and LL.M. degrees. For four years I taught law at the American University in Washington, D.C. The culmination of all this academic exercise was that for the past eight years, I have been a full-time professional numismatist specializing in the growing field of exonomia.

My positions as Legal Counsel and Board Member of the Civil War Token Society and TAMS Board Member indicate my interest and participation in formal numismatic organizations. My co-authorship of The Numismatist's "Exonomia Notebook" and my contributions to the Red Book and other hobby publications indicate the serious nature of my interest in our common mania.

I feel that the TAMS organization has been doing a fine job for its membership and I pledge my efforts to continue this. I feel that TAMS' primary function is one of education and it was to this end that I originally suggested the reprinting of the older out-of-print TAMS Journals.

This idea has become a reality.

I would appreciate your support and your vote.

The remaining US Mint Medals are all products of the early part of this century.

They do *not* have the nasty golden bronze finish now used by the Mint. Rather, they are a light brown and are generally struck with more definition than are current medals. The difference between these medals are instantly obvious to the eye. The specialist will note that many have been struck with a different die than used today. Minimum bid on these lots is \$9.50.
